Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Members of the County Board of
Washington County

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Washington County, Wisconsin as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Washington County's basic financial statements, and have issued our report thereon dated June 18, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Washington County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Washington County's internal control. Accordingly, we do not express an opinion on the effectiveness of Washington County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Washington County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal and Major State Program, Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State Single Audit Guidelines

To the Members of the County Board of
Washington County

Report on Compliance for Each Major Federal and Major State Program

We have audited Washington County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State Single Audit Guidelines* that could have a direct and material effect on each of Washington County's major federal and major state programs for the year ended December 31, 2020. Washington County's major federal and major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Washington County's major federal and major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State Single Audit Guidelines*. Those standards, the Uniform Guidance and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or a major state program occurred. An audit includes examining, on a test basis, evidence about Washington County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and major state program. However, our audit does not provide a legal determination of Washington County's compliance.

Opinion on Each Major Federal and Major State Program

In our opinion, Washington County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and major state programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of Washington County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Washington County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Washington County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be a significant deficiency.

Washington County's Response to Finding

Washington County's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Washington County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the *State Single Audit Guidelines*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Washington County, Wisconsin as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Washington County's basic financial statements. We issued our report thereon dated June 18, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the *State Single Audit Guidelines* and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to Schedule of Expenditures of Federal and State Awards
December 31, 2020

1. Basis of Presentation

The accompanying schedule of expenditures of federal and state awards (the schedule) includes the federal and state award activity of Washington County under programs of the federal and state government for the year ended December 31, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Guidelines*. Because the schedule presents only a selected portion of the operations of Washington County, it is not intended to and does not present the financial position, changes in net position or cash flows of Washington County.

2. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

The underlying accounting records for some grant programs are maintained on the modified accrual basis of accounting. Under the modified accrual basis, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred. The accounting records for other grant programs are maintained on the accrual basis, i.e., when the revenue has been earned and the liability is incurred.

3. CARS/SPARC Report Dates

The schedule of expenditures of federal and state awards includes adjustments through the June 1, 2021 Community Aids Reporting System (CARS) reports and the December 31, 2020 SPARC report.

4. Indirect Cost Rate

Washington County has not elected to use the 10% de minimis indirect cost rate of the Uniform Guidance.

5. Pass-Through Agencies

Washington County received federal or state awards from the following pass-through agencies:

DHS	Wisconsin Department of Health Services
DCF	Wisconsin Department of Children and Families
DOA	Wisconsin Department of Administration
DOT	Wisconsin Department of Transportation
FDL Co	Fond du Lac County, Wisconsin
GWAAR	Greater Wisconsin Agency on Aging Resources, Inc.
DMA	Wisconsin Department of Military Affairs
DNR	Wisconsin Department of Natural Resources
DOJ	Wisconsin Department of Justice
MMSD	Milwaukee Metropolitan Sewerage District
WEC	Wisconsin Election Commission
UBR	University Wisconsin Board of Regents

Washington County

Schedule of Findings and Questioned Costs
December 31, 2020

93.658	Foster Care – Title IV-E
93.658	COVID-19 Foster Care – Title IV-E

Washington County

Schedule of Findings and Questioned Costs
December 31, 2020

Identification of major state programs:

CFDA Number	Name of Federal Program or Cluster
115.150	County Staff and Support
115.400	Land and Water Resource Management
435.561	Basic County Allocation
437.3413	Youth Aids

Section II – Financial Statement Findings Required to be Reported in Accordance with *Government Auditing Standards*

None reported.

Section III – Federal Awards and State Awards Findings and Questioned Costs

FINDING 2020-001

Federal CFDA Number and Title: 21.019 COVID-19 Coronavirus Relief Fund

Federal Award Number / Year: N/A / 2020

Federal Grantor: U.S. Department of Treasury

Pass-Through Entity: Wisconsin Department of Administration

Criteria: The Uniform Guidance and *State Single Audit Guidelines* require that local entities receiving federal and state awards establish and maintain internal control designed to reasonably ensure compliance with laws, regulations, and program compliance requirements. The Uniform Guidance and *State Single Audit Guidelines* further require auditors to obtain an understanding of the local entity's internal control over federal and state programs. To minimize the risk of errors, internal controls should be in place for all program compliance requirements, including the preparation and submission of financial reports, which should be reviewed and approved by a responsible party other than the original preparer before they are submitted to the granting agency.

Condition/Context: We sampled two reports during our control testing and it was noted that both of the submissions of eligible expenditures for reimbursement through the Department of Administration's expense reporter were not formally being reviewed and approved by someone other than the report preparer prior to submission. Our sample was not statistically valid.

Cause: The County does not have procedures in place requiring an independent person to review the reports before submission.

Questioned Costs: None noted.

Effect: Reports could be submitted that contain errors, or reports may not be submitted within the allowed reporting periods.

Recommendation: We recommend that an employee other than the preparer review all reports before they are submitted to the Department of Administration through the expense reporter.

Management's Response: Another member of the Finance department or staff from the user department will review financial reports prior to submission for all COVID-19 federal funds to ensure accurate and timely report submissions.
